MIDNIGHT FIRE
House on Valley Street Burned Last Friday Night—\$400 Damage.

The combination chemical and hook and ladder trucks were called out about midnight Friday for a fire at 4 Valley street in a house occupied by Edward McKee and owned by the Passumpsic Savings bank. The fire started in the ell part which was used as a shed and store room. The family was awakened by the barking of a dog and when Mr. McKee went by one of the rear windows he saw the flames breaking out through the shed. He attempted to go into the shed in hopes that he might subdue the flames but when he opened the door he was driven back by the fire and smoke. He burned his hands slightly on the door latch. By this time the neighbors were aroused and one of them rang the alarm from the box on South Park. The apparatus from the Central Fire station and also Hose Company No. 1 from Fairbanks village responded promptly and did efficient work. Although the ell part was completely destroyed the fire was kept from the main building except for slight damage to the kitchen. Some of the furnishings of the dining room were damaged by water as were those in the kitchen. Mr. McKee estimates his loss at about \$100 with no insurance. The loss on the building will probably not exceed \$300 fully insured.

Supreme Court Cases

Essex county—Joseph and Sarah Lapointe vs. Ovid Sage and Thomas Lapointe; Mary C. Blodreau vs. Moose River Lumber Co.

DAMAGE BY WIND

Storm Of Sunday Does Damage To Trees And Electric Light Wires —No Frost Yet.

There have been some curious turns of the weather lately, deserving of more than passing notice. Three nights the mercury has dropped to 32 degrees but there has been no frost, the fog or the high wind preventing. Sunday a heavy rain fell all day and was followed by such a wind storm as has not visited this section for years. Gardens would look no worse after a disastrous frost than they do now, corn all over the county suffered and fallen trees made the roads almost impassable. Throughout the village many trees were blown down but outside St. Johnsbury things were much worse. A motorist through Danville and Peacham on Monday said that so many trees had fallen that the roads appeared to be constructed through a long wood pile. A farmer in the edge of Danville relates that he started for home Sunday evening, found a tree obstructing the road so took a roundabout road but found a tree had been blown down behind him cutting off that road. He was forced to unhitch his horse and lead it through the woods leaving his carriage beside the road until the next day.

A St. Albans party consisting of Adj. Gen. Lee S. Tiltonson and others started from St. Johnsbury for St. Albans at seven o'clock Sunday evening having come from Concord, N. H., here without trouble. They found trees lying across the road which had to be chopped down. The men themselves cut away half a dozen and found others which had been cleared away by motorists ahead of them. They reached home at seven the next morning, having spent 12 hours of the hardest kind of work on an ordinary three hours' trip. The electric service here was not interrupted except for a few minutes at a time but the wires were blown off and considerable damage to them had been done. On account of the uncertainty of the street lights and the danger of live wires, few pedestrians were seen around town Sunday evening. Between the telephone and the lighting difficulties most of the local electricians were urged to work all night keeping the lines running. With the street lights on and off, the fire alarm ringing at intervals, and the wind howling like mad through the town it was not a cheerful place to live in.

Telegraph service on the Lake road was completely stopped and all day Monday service was cut off from the outside world by wire. Both telegraph and telephone having been put out of commission by the storm. Earl Brown and Donald McGregor, returning from Barre by automobile Monday morning counted 41 fallen trees along the way. The fury of the wind spent itself in a short time but not until Tuesday morning did it die down to its normal rapidity.

Municipal Court.

The mills of justice speeded up last week and in the grist were eight offenders of law and order. Signor Battisto, an Italian of South Ryegate, brought before Judge Frye on the charge of breach of the peace was fined \$5 and costs of \$13.29. Allen Taylor and David Elmer of Groton sold cigarettes to a minor and were made to pay fines of \$12.95 each. Those who looked upon the wine or some other substitute varying from Jamaica ginger to shoe polish included John Lee of Natick, Mass., who accepted a sentence of ten days in jail for intoxication, Lewis Gray of Groton was found guilty of second offense and his term was 30 days. Barney Jock of Coatscook and John Murphy were before the judge for the first time on a similar charge and were assessed \$13.45 and \$12.95, respectively. Two others who might claim to be veterans were brought in for second offenses. They were Ernest Beck who paid \$22.95 for his amusement and Dora Latreille who was assessed \$26.45.

AUTO SMASH FATAL

Albert Hemond's Neck Broken When Auto Crashed Through Fence On Bible Hill Road.

Albert Hemond of Clark avenue was instantly killed about 9:30 Saturday night when his automobile crashed through a fence and plunged down a 15 foot embankment on the Bible hill road about a mile above St. Johnsbury Center. Hemond was returning from a trip to Island Pond, and he was accompanied by Joseph Trudell, a painter at the Wright Garage, where Hemond was also employed as a blacksmith. On the return trip the men took the wrong road at Lyndon and came over the hill. They made a stop at the Beauregard farm and then started for home. When near the sugar place Trudell claims that he became alarmed at Hemond's reckless driving and changed from the front to the rear seat. He remembers nothing more until he picked himself up from the ground several feet from the road. After a search he located the overturned car and saw that Hemond was pinned beneath it. Being unable to liberate the man he started for help and it was fully three-quarters of an hour before he appeared at Delos Bacon's. There he told a disconnected story of the accident and called the police station here. Several officers and Dr. W. B. Fitch were dispatched to the scene where Hemond was found dead beneath his car. The body was brought to Calderwood's undertaking rooms where examination disclosed that the man had 5 ribs broken and his neck was also broken. It is thought that death must have been instantaneous. Trudell escaped without injury.

Mr. Hemond was 28 years old and a native of Canada, the son of Mr. and Mrs. Napoleon Hemond who now live in Woonsocket, R. I. He came here from Woonsocket, P. Q., six years ago and went to work in the Ryan carriage factory, being employed there as a blacksmith until the place was sold to W. A. Wright. Mr. Wright had retained him in the same capacity. Five years ago he married Miss Eugenia Benoit, who with two children, Virginia, aged two and one-half years and Paul, aged eight months, survives him. He also leaves six sisters, Clara, Berth, Alice and Antoinette of Woonsocket, Mrs. O. Geneste of D'siraell, P. Q., and Mrs. Albert Gosland of Black Lake, P. Q., and two brothers, Wilfred and Joseph of Woonsocket. He was a member of Notre Dame church where the funeral was held yesterday morning.

Accidental Shooting
Raymond Lambertson, 24 years old, who shot himself at Cabot Saturday was brought to Brightlook Sunday morning for treatment. He was loading an old pistol when the weapon was accidentally discharged, the bullet entering the abdomen and piercing that lodged in the pelvis. Drs. Allen and Fitch placed Lambertson under the X-ray and located the bullet which was removed and he stands a fair chance of recovery.

REVIVAL MEETING

Commercial Club Banquet, Pythian Hall, Thursday, September 30, 6:15 P. M.—"Glad Tidings of Great Joy."

The Commercial club is not dead nor asleep, but after a short rest, is here with the goods for Thursday evening, September 30, at 6:15 at Pythian hall. The first goods to be presented will be a supper consisting of real food served in appropriate quantities for hungry men. The first number on the program will be pulled off promptly at 6:15, not at 6:23 or 6:33, and not any other night, but Thursday. After supper a man who knows will tell us something. We have imported a really choice article for the edification and enlightenment of the members of the Commercial club. This man will be the principal speaker for Thursday evening and will outline a general plan of action for our benefit. This would seem to be a very much needed thing to do for St. Johnsbury. The school has re-organized the Bellows Falls board of trade and given them a

new lease of life and we feel sure they can do as well for us if we will only give them a chance. Now help the Commercial club by lending your presence on this occasion. Good music—good feed—good news and a general good time and (Continued on page five.)
